

BROKEN BOUNDARIESWords by *Andrew Yeo*Music by *Andrew Yeo & Janice Chiang*Arrangement by *Paulo Garganta**TRICIA*

I've been living a lie
 Putting up just a great façade
 I thought that my world
 Was beyond perfect
 And that nothing could hold me down

*STEPH*

I go through life
 Wondering what it's all about
 Am I trapped in this darkness somehow?
 Maybe there's a light
 If I could break through these cold glass walls

CHORUS

Tricia Are they stuck outside
 Or are we trapped inside
 Is this what we call the great divide
 I know of Someone
 Who has crossed that line
 And He broke all boundaries
 Just to save our lives

*CHORUS*

Teck & Cast Jesus paid the price
 For our sins, He died
 The love of our Saviour
 Redeeming You and I

Now there's hope in Christ
 That stands the test of time
 And He has set us free
 To be who we can be
